

HHS emPOWER Program

SUPPLEMENTAL JOB AID | emPOWER AI ON HOME DEVICES

Add emPOWER AI to your home device(s) in a few simple steps! Follow the directions below to enable emPOWER AI on your Amazon and/or Google home device. For more information on how to access and use emPOWER AI on your mobile device, see the [emPOWER AI Fact Sheet](#) and the [emPOWER AI Job Aid](#) on the [HHS emPOWER Platform](#).

Add and Use emPOWER AI on Your Google Home Device

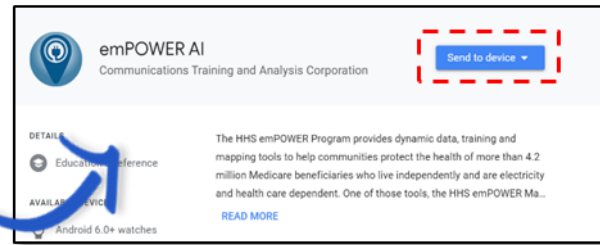

Use the instructions below to add emPOWER AI to your Google Home device.*

1. Go to the Google Assistant [emPOWER AI Action page](#) for emPOWER AI:

- **Option 1:** Visit the [Google Assistant Action page for emPOWER AI](#) or scan the QR code here 
- **Option 2:** Go to the [Google Assistant home page](#), select **"What it can do,"** and select **"Explore All Actions."** Then, search for "emPOWER AI" and select the Action page for emPOWER AI.

2. Review the information on emPOWER AI:

Review the information and directions on the Action page for emPOWER AI to learn more about accessing and using this tool.

3. Send emPOWER AI to your Google Home device:

Select the **"Send to Device"** button at the top of the page to add emPOWER AI to your home device.

4. Get Started!

Simply say, "Google, open emPOWER AI" to launch this Action. Then ask specific questions or give general commands to emPOWER AI, such as, "Google, open emPOWER AI and tell me the number of at-risk electricity-dependent people in my county." Review the "Quick Start Guide" on the [emPOWER AI Fact Sheet](#) for more example questions.

Add and Use emPOWER AI on Your Amazon Home Device

Use the instructions below to add emPOWER AI to your Amazon Alexa home device.*

1. Visit the [Amazon Alexa webpage](#) for emPOWER AI:

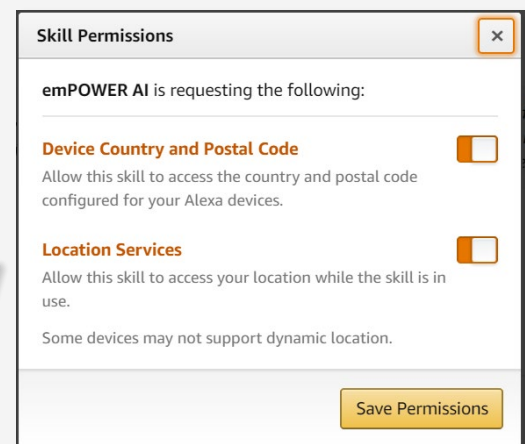

- **Option 1:** Visit the [emPOWER AI Skill page on Amazon](#) or scan the QR code here 
- **Option 2:** Go to [Alexa Skills on Amazon.com](#) and type "emPOWER AI" into the Alexa Skills search bar at the top.

2. Review the information and directions:

Review the information and directions on the [emPOWER AI Skill](#) page to learn more about the Skill.

3. Enable emPOWER AI and permissions:

Select **"Enable"** to add the [emPOWER AI Skill](#) to your account. On the pop-up box, turn on **"Device Country and Postal Code"** and **"Location Services,"** and select **"Save Permissions."**

4. Get Started!

Say "Alexa, open emPOWER AI" to launch this Skill and start asking specific questions, such as, "How many electricity-dependent beneficiaries are in my state?" Review the "Quick Start Guide" on the [emPOWER AI Fact Sheet](#) for example questions.

*Once emPOWER AI is added to one device, it is automatically added to others linked to your account.
